

Case Study – Patient Advocate Stories

Victoria Nnatuanya
Patient advocate, use MY data

I'm a patient advocate and I am interested in people being able to benefit from the use of my data and other relevant data, because it helps in making plans, improving the system and checking on progress of what is being given to us - the treatment we're getting.

We are building an online library, where the patient voice is heard direct, talking about the rewards of using their data
